KERR STREET *Classic* 2026

For more than two decades, Kerr Street Mission has been providing essential programs and services for families and in particular their children. KSM has become a gathering place and hub of care for the community offering much needed programs like community meals, food market, after school care, youth programs and many more.

Help Us Create Space for Youth to Thrive!

Children and youth thrive when they have safe, welcoming spaces to learn, connect, and lead. At Kerr Street Mission, our youth programs provide mentorship, life skills, and a strong sense of belonging. However, current space limitations restrict how many youth we can serve and the depth of programming we can offer — including our Leadership in Training (LIT) program.

Proceeds from our Golf Tournament Auction will support the development of a dedicated youth-centered space, designed to:

- Foster stronger peer connections and social development
- Support emotional well-being and build confidence
- Create an environment where youth feel seen, safe, and supported
- Expand our Leadership in Training (LIT) program
- Provide volunteer rotations and hands-on learning experiences

How can you help?

Your support in the KSM Classic Golf Tournament will help us continue to serve our youth and bring Help for the Present and Hope for the Future.
